ABOUT ME

Hello, I'm Madesh Mahadev, a Computer Science Engineering student and a budding Full-stack developer with proficiency in various Web and Software applications. I'm a city-dweller who loves to travel, play guitar, partaking in outdoor activities and find adventures along the way. I feel satisfied to meet new people, build connections with them expanding my network, create an effective potential building a rapport with the people I work with. I would love to unite with you and your team together developing ourselves. My dedication can be seen in my works and I'm passionate about the fields I choose. Happy to hear from you.
